Hello and welcome to Cheap Joe's Art Stuff. My name is Julie and I'm here to impart some knowledge to you today via a Two-Minute Art Tip, and today's tip is about an all new product that I am super happy about. This one's called The American Journey Field Series Sling Bag.

[A picture and description of the sling bag appear on screen.]

It is very cool.

[Julie reaches under the table and brings out her own off-white teardrop-shaped backpack filled with lots of different items.]

I bought myself a couple so that my friends and family could have a cool one too. This is a very awesome. This is a raw cotton canvas sling bag and you know the shape can kind of be a little bit deceptive. It's kind of amazing all the cool stuff that you can put in here. It has a myriad of pockets,

[Julie points out several pockets on the bag and proceeds to show what's inside them.]

not only on the outside, but on the inside. And I wanted to show you just a little bit of how amazing it is because I've got it packed full of stuff.

[Julie pulls out each item one by one:]

So we got an iPad for shooting pictures and for reference and stuff, you got your favorite Sketchbook that's totally not small and fits in there, and then I've got a whole bag of sketching tools that's over stuffed and you know I'm obviously carrying way too much. But we've got that in

there and we have more room

[Julie shows how spacious the bag is inside with several pockets]

because we have an interior zipper pocket that's great so you're not losing your keys inside there. And then we've also got like a mesh pocket on the inside that's really really large and can hold like a pencil pack or anything like that. We also have our exterior pockets

[The exterior pockets are shown along with their contents]

where I've got additional brushes, I've got an entire baby block, and then you got room for your cell phone and your keys right here if you wanted it. It's just kind of amazing and the coolest part is that it's so well made. It's got a reinforced padded back and shoulder strap that's adjustable

[Julie shows the reinforced padded back and shoulder strap]

so even when this thing is fully loaded you're not gonna, it's not going to be cutting into you you're going to be able to use it in multiple ways. I've taken it to a couple outdoor events already as you can see because I've already got stuff on it but the cool part is that you don't really need to stress about that. Even with all this cool stuff going on you can take it up a notch. Just add some special flair to it because we're all about that around here.

[Julie removes her bag from the table and brings out a colorful custom decorated bag.]

so I wanted to show you this. Our amazing retail manager, Amanda, here in Boone is taking hers up quite several notches, let's say, because she has emblazoned her bag with her own artwork which is phenomenal.

[Amanda's beautiful bag artwork is shown which is a distinctly defined face with large blue eyelashes and eyebrows, green eyes, large pink lips, and flowing hair in colors of blue, purple, pink, yellow, and orange.]

I must say. So this is actually done with Posca Pen and Molotow Markers, and Golden Acrylic and you can see that the results are absolutely unbelievable. Her work is totally great and this just came out wonderfully. We have a link here if you're interested in checking out more of her work where all of this is available.

But you know our very own sling bag just done up, done up man, just blinging so we love it, and we are sure you will too. Check it out now, the American Journey Field Series Sling Bag available here, only at Cheap Joe's, and we're sure you'll enjoy.
