

The two-minute art tip segment opens with several small videos on the screen from past shows plus the text "I like shiny" The title of the segment also appears which is "Be a Sketchmaker Get a Sketchmaker".

Hello and welcome to Cheap Joe's Art Stuff. My name is Julie and I'm here to impart some knowledge to you today via a two-minute art tip. And today's tip I want to take a few minutes and introduce you to a new Cheap Joe's product called the Cheap Joe's Sketchmaker Pads (the product webpage appears on screen along with individual pictures of the product). We have them in two different formats, we have them in a glued pad or we have them in a spiral bound where it's spiral bound on the top end. If you are the type that gets that kind of anxiety and creative paralysis when you're looking at a blank page and you're so afraid you're going to mess it up and then you're going to waste material, this is the kind of thing that we like to bring to all of the artists and creators out there to kind of alleviate that. These are so affordable and great quality. You're going to find

that you're going to be extra successful and you're not going to be worried about if you have a page that doesn't, that goes a little awry, it's not going to be the end of the world, and they come in great sizes. So five and a half by eight and a half, a nine by twelve, and an 11 by 14.

I have the nine by twelve here (there's an overhead shot of the pad), there are 50 sheets of 70 pound paper inside, it is a bright white with a smooth surface, not like a cold press but not like a hot press either, and it's wonderful. A great gift for somebody that you care about or yourself, because you love you that much (the product webpage appears on screen). So check them out, available now right here at Cheap Joe's, and only at Cheap Joe's, and we are sure that you will enjoy.
